

Dear Parents/ Guardians,

Effective June 25, 2020, the Governor's Office at the State of Connecticut has released Executive Order 7III. Anyone traveling into Connecticut from a state that has a new daily positive test rate higher than 10 per 100,000 residents or a state with a 10% or higher positivity rate over a 7-day rolling average are directed to quarantine for a 14-day period from the time of last contact within the identified state. Below you will see the link to Executive Order 7III. Please use this travel advisory as a source for information. The Town of South Windsor and the South Windsor Parks and Recreation Department take these matters very seriously. In order for our programs to run successfully we need all of our participants and staff to continue to follow the guidelines and recommendations from the Governor's office as well as The Office of Early Childhood.

Specifically, Camp Evolution will continue to ask our screening questions on the first day that a camper and staff member arrive. Each day after that, parents and staff members will be asked to confirm that there haven't been any changes to those answers. Campers or staff who has traveled to a state that has been identified by the Governor as a state of caution will not be able to attend our program and must quarantine for a 14-day period before returning. We ask that our families be responsible and to inform our staff about any travel to an identified state. The safety of our campers and staff will continue to be our number one priority behind every decision and we ask that you do the same. You will be refunded and I will let our Parks and Recreation office aware of any changes necessary.

The State of Connecticut maintains an information page related to the travel advisory and all state residents are urged to consult it regarding their travel and any subsequent need for self-quarantine. This information is available at: <https://portal.ct.gov/Coronavirus/Covid-19-Knowledge-Base/Travel-In-or-Out-of-CT>

The CDC guidance for travelers is available at <https://www.cdc.gov/coronavirus/2019-ncov/travelers/travel-in-the-us.html>

Executive Order 7III can be available at <https://portal.ct.gov/-/media/Office-of-the-Governor/Executive-Orders/Lamont-Executive-Orders/Executive-Order-No-7III.pdf>

Thank you for your continued support during this most challenging time. We look forward to the day where this is all behind us. Until then we will work together to ensure a safe and positive camp experience for everyone.

Thank you,

Paul Macchi
